BRITISH INTERNATIONAL STUDIES ASSOCIATION

**XXVI Annual Conference, Edinburgh 2001
(17 – 19 December)**

**hosted by
The Department of Politics, School of Social and Political
Studies
University of Edinburgh**

WELCOME TO BISA 2001

On behalf of the Department of Politics and School of Social and Political Studies at the University of Edinburgh and the national BISA organisers (Pauline Kelly, Justin Morris, Richard Little) we are delighted to welcome you to the 2001 conference of the British International Studies Association.

As ever, the conference programme offers a huge range of panels and papers, covering the interests of BISA members from the geo-politics of particular regions to normative theory - and sometimes both at the same time! The developments in world politics since September 11th clearly provide considerable food for thought within the discipline of international relations. I have no doubt that the conference will provide a forum for ongoing debate about the long term implications of recent events. We are therefore particularly fortunate to have Professor John Ikenberry to set at least one agenda for discussion in his plenary address at 6pm on Monday 17th on the topic of "American Power and the Empire of Democracy".

In addition to the academic feast provided by the conference panels, the publishers' exhibitions and conversations with colleagues, we hope you will also enjoy the University and City of Edinburgh during your stay. The University is one of the UK's largest, with a student body of over 20,000. It was founded in 1583 and boasts a long and proud tradition of research within the social sciences, commemorated in the names of several buildings in the George Square area. The city is one of the most beautiful in Europe. It is a wonderful place to walk around and soak up atmosphere (and maybe a few pints of 80 shilling), both in the mediaeval "Old Town" and the C18th "New Town". It has many great galleries and museums as well as excellent cafes, restaurants and pubs. During the festive season there's a big wheel operating in Princes Street, we can recommend it as an ideal antidote to too much work, it provides breathtaking views and very fresh air!

There will be MA and PhD students (in BISA T-shirts) available to help you find your way around, please just ask if you need any help. We hope very much that you have an intellectually stimulating and very enjoyable time.

All Best Wishes

Kimberly Hutchings (Head of Politics)

Russell Keat (Head of School of Social and Political Studies)
